

MTA eTix App: Home Screen

- 1 To buy a ticket, choose “Buy Tickets” or select a station combination you have previously purchased — highlighted below “Buy Tickets”.

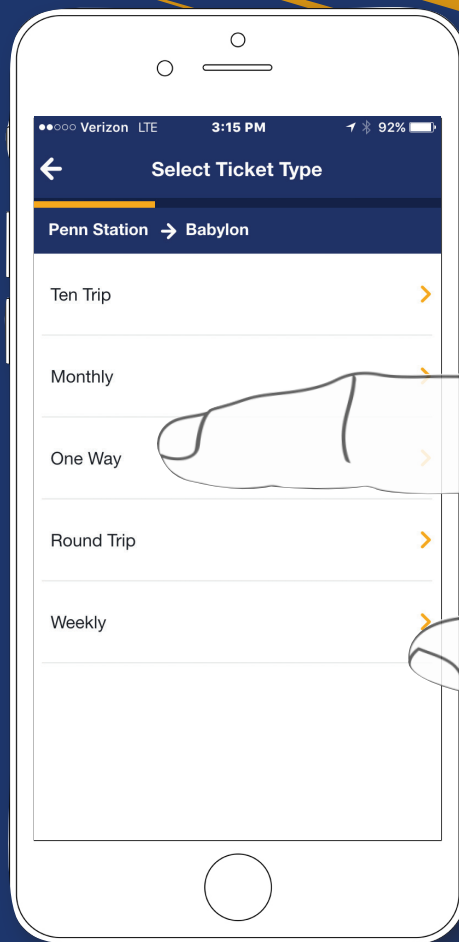

MTA eTix App: Station Selection Screen

2 Choose the station you are “departing” from by scrolling down (or typing station name). Then choose your “destination” station by scrolling down (or typing station name).

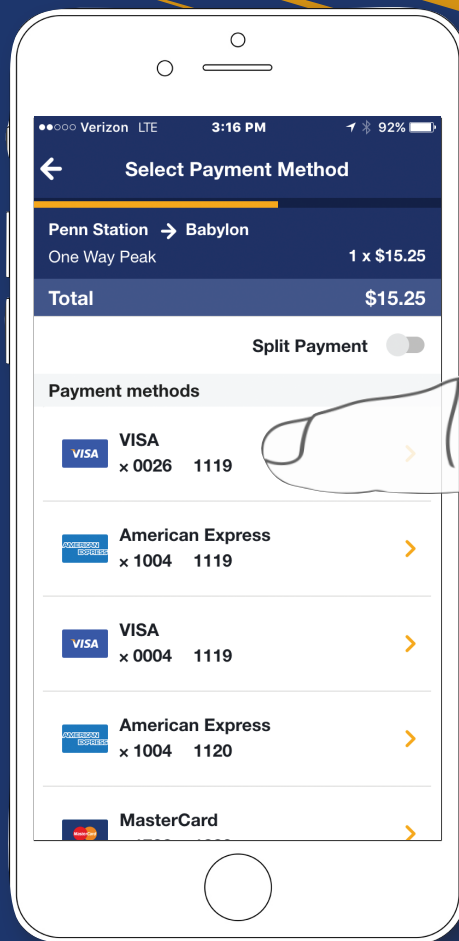

MTA eTix App: Select Ticket Type

3 Choose the ticket type you would like to purchase from selection menu. Then click on arrow to the right and choose the number of tickets.

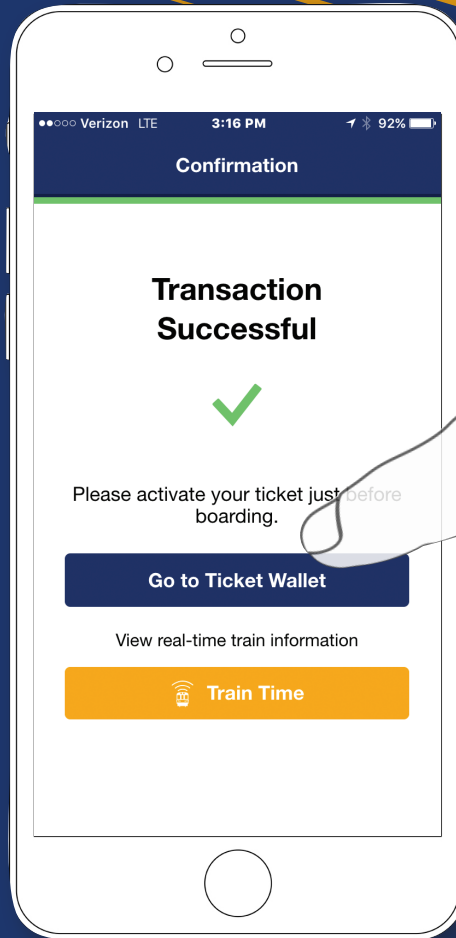

MTA eTix App: Credit Card Payment Details

4 Select a credit/debit card you have saved already in your account or click on “add new card” feature. Click “Accept & Pay” after reviewing ticket purchase.

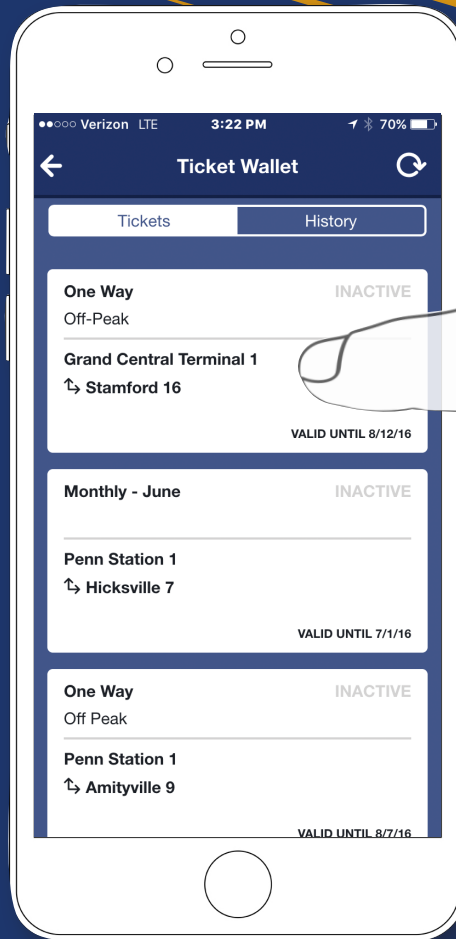

MTA eTix App: Transaction Confirmation

5 “Transaction Successful” appears after purchase. Click on “Go to Ticket Wallet” when you are ready to activate ticket (just prior to boarding).

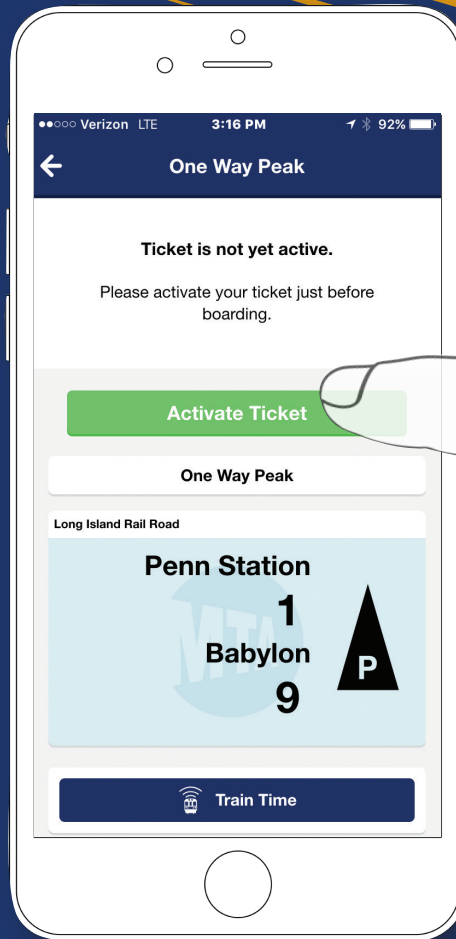

MTA eTix App: Ticket Wallet

6 Just prior to boarding, click “Ticket Wallet” tab to access the saved ticket(s) you would like to activate. Click on the ticket you would like to use (just prior to boarding).

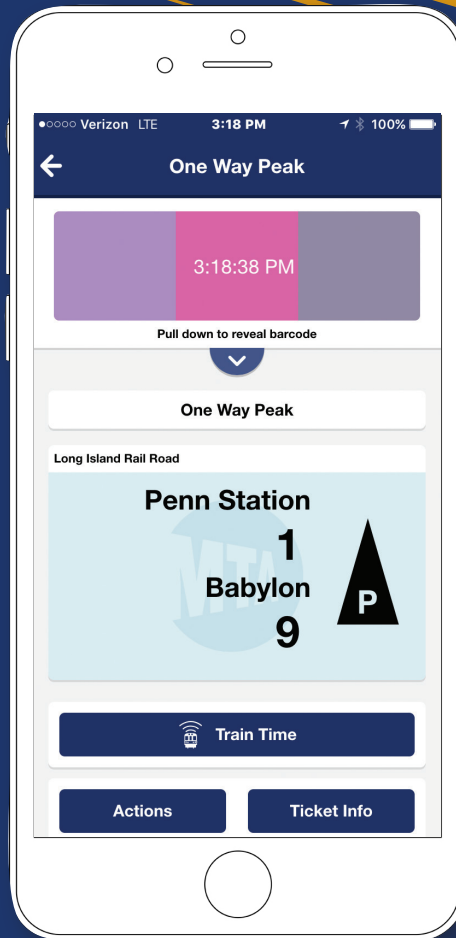

MTA eTix App: Ticket Activation

7 Just prior to boarding, click “Activate Ticket” to continue with the validation process.

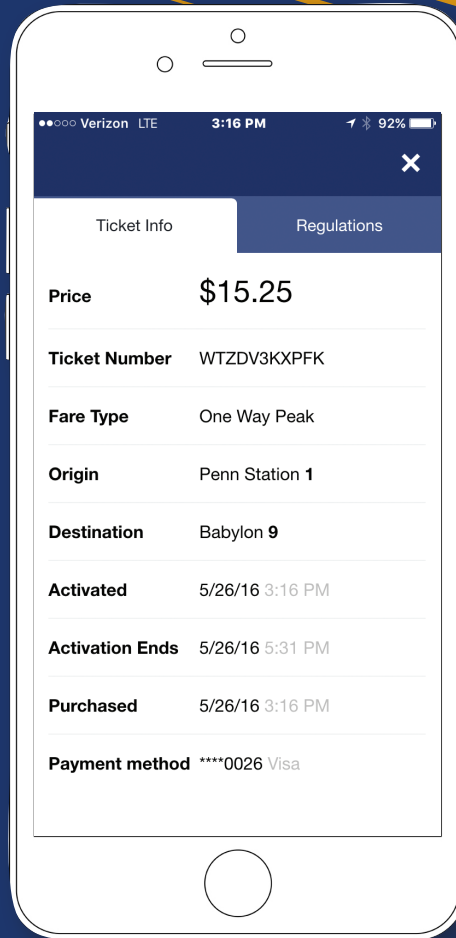

MTA eTix App: Ticket Activation

8 Your ticket is now activated and ready to show to the Conductor.

MTA eTix App: Ticket Info Tab

9 Clicking on
“Ticket Info” tab
provides you
with additional
information on your
ticket purchase and
ticket regulations.

MTA eTix App: Ticket Wallet (Self-Serve Actions)

10 Finally, there are several helpful tools you can use in the “Utilities” menu including Trip Tools, Social Media link, Help and access to your account settings.
